Your correspondent returned home Sunday after a pleasant visit to Somerset friends.

## TEMPLE HILL STOCK FARM,

Magoffin Place, City Limits,  
Harrodsburg, Kentucky.

Red Leaf, 4-year-old record 2:22 in 9th hunt over one-half mile track. Sire of 5 with record better than 2:25. Champion show horse of Kentucky and leading sire of high-class road horses and teams. \$25 to insure a living colt, and a good one at that, or \$12.50 the season.

I claim it is to the best interest of the owners of mares of Mercer and adjoining counties to breed to Red Leaf. Because he is not for sale; I expect to keep him and breed and handle his produce, and it is very natural that I will work for the sale of all his colts at high prices, no matter to whom they belong. 2nd, Because his colts have a reputation and have sold for higher prices than those of any stallion in Mercer or adjoining counties. 3rd, Because his colts have taken more premiums than those of any stallion in Mercer or adjoining counties. 4th, Because he has a better record as a race horse, having won 10 out of 13 races, and a better record as a show horse, having won 58 out of 61 shows, than any stallion in Mercer or adjoining counties. 5th, Because Red Leaf is the only horse sired by a horse with a record of 2:18 (C. F. Clay), who has sired 8 colts with records better than 2:25, and with a dam (Lady Hart) that every colt she had took a standard record and was a winner, and whose grand dam (Isopreno) was the greatest brood mare in the world, having 11 in the list, and whose sire (C. F. Clay) sold for \$5,000, and whose dam sold for \$1,500, whose dam's sire (Red Wilkes) sold for \$2,000 for a half interest, and who himself (Red Leaf) sold at three years old for \$1,000 and at 4 years old for \$1,500, and that has himself sired 14 colts to sell for over \$200—some as high as \$2,000—and teams from \$1,500 to \$2,000, in Mercer or adjoining counties. 6th, But for speed and they all took records. 7th, But one of Red Leaf's colts was ever raced, and he started in 11 or 12 races, winning first in one and second in all the others, as shown by the Year Book, and showed miles in 2:25, and would have been a sensational horse had he lived. 8th, Red Leaf has sired more high-class, high-priced teams than any stallion in Kentucky in the past two years. 9th, I can show several offers of over \$1,000 for a pair I now have. Some of those sold five years old, and most of them under three years old.

Now I say if you want a trotter, Red Leaf is bred to get them, as his sire is one of the greatest sires of extreme speed, and his dam a great producer, and she by one of the world's greatest sires of speed (Red Wilkes), and his sire's dam the greatest brood mare in the world. If you want a show horse, he has proven he can get them of the highest quality, a three-year-old mare by him showing through the circuit in regular and sweepstakes and winning 24 out of 26 shows—something equalled only by the world's famous Gypsy Queen. If you want a business horse, he can get them that will sell for the highest dollars, and his fillies are sure to be good brood mares. If these are not facts, why not?

I also have a good Black Jack to stand at \$3 to insure a living colt.

R. E. GODDARD.

## KIDD'S STORE.

Dr. James Riffe and family, of Erlanger, are with relatives. Horace Bohon, of Louisville, brought his trunk in last week and will renew old associations for a while.

Parties from the Wayne county oil fields have lately been inspecting such blue grass farms of this neighborhood as fancy figures will induce a change of ownership. No sales are yet reported.

Half a dozen drummers and as many hucksters "working" our town at the same time indicate as lively a stir in commercial fields as a glance over cornfields disclosed in agricultural lines—the farmers hustling to finish up the latest planting in many years.

Saturated with booze of the vilest brand, a party of boys perpetrated a series of disorders, some of which are classified under the head of felonies, and in consequence the irresponsible (?) malefactors have joined other Kentucky fugitives in the felon's refuge—Indiana. By the way, W. S. Taylor promptly brands as a fake the purported interview of the professed Boyle county ex-representative at San Francisco, who declares knowledge of Goebel's assassin and readiness to stand trial for complicity in any court outside of Kentucky. W. S. knows.

It is refreshing to our soap-box and nail-peg philosophers that Uncle Samuel professes a determination against being held up by his partners in tariff-squeezing and will obtain quotations of foreign manufacturers for such supplies as are needed for the Panama canal.

A loud and prolonged howl by the infant industries (?) will arouse parental sympathy and indulgence is the consensus of prediction and an average of nearly 100 per centum of extortion will continue a go. Said philosophers are much exercised over the reported strained relations between the Rockefeller's—father and son—concerning the Standard Oil's business methods of swindling consumers and the bad odor attaching to such gains offered to charitable enterprises. The incredulous doubt literal accuracy of John D., Senior's pastor in waiting that an uncharitable public's criticisms have aggravated the old man's insomnia and threatens a shortening of his days that have been long in shearing lambs. Your readers derive some comfort in young Rockefeller's abandonment of Sunday school work from the announcement that Bobbitt has invaded the religious field with piety and public prayers.

## MIDDLEBURG.

Rev. Joshua Taylor preached at the M. E. church Sunday and Sunday night.

George Hicks and Miss Maud Frederick were married Saturday afternoon at Liberty. Leslie Frederick and Miss Ella Frederick were united in marriage at the home of the bride on Wednesday evening. On Sunday they left for Illinois, where they will make their future home.

Mrs. Ettie Coleman, mother of the writer, left Sunday for Danville to visit her son, Clarence. She goes from there to Kansas City and Oklahoma, where she will visit relatives and again view the scenes and haunts of the Western plains, where she lived some 17 years ago. She goes via Cincinnati, Indianapolis, St. Louis, Topeka and Wichita, Kas.

## Just What Everyone Should Do.

Mr. J. T. Barber, of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used. Sold by Lyne Bros., Crab Orchard, Ky."

As a result of the meeting of the Council of Ministers at Tsarskoe Selo, it was decided to telegraph instructions to the Russian ambassadors at Washington and Paris to the effect that Russia is desirous of ascertaining Japan's terms of peace. He was born in Madison county in 1838, and was in good health until 1863 while serving in the Union army under Col. Thos. Z. Morrow, of Somerset, when he was wounded in the hip, since which time he has been weighing less than 50 pounds. His limbs and body are no larger than a child's, his arm above the elbow being no larger than the large joint of a man's thumb. He liked show life well and would now be with the show but is unable to walk or stand without assistance. He is in hopes that he may be able to walk again and we truly hope that he may have the realization of his wish.

TO FARMERS.—We are agents for the Proof Hemp Binder Twine, which is warranted to work on any wheat or corn binder. It runs 50 feet longer to the pound than sisal or standard, therefore a bale of 50 pounds will bind more than 1,000 more bundles than a bale of 50 pounds of the best standard the farmer ever used. It is warranted absolutely insect proof; water or moisture will not rot it; it is absolutely free from large or small places, and is therefore much stronger than sisal or standard. It will be to your advantage to use this twine. E. T. Pence & Co.
